Mr. David A. Olson

City Clerk

Newton City Hall

1000 Commonwealth Avenue

Newton, MA. 02459

Via Email: [dolson@newtonma.gov](mailto:dolson@newtonma.gov)

Dear Mr. Olson,

The residents of Ward 8 are very concerned about the impact on our neighborhood of two proposed construction projects; the Mormon Church meeting house and parking lot on five acres of land along Carlson Avenue and Northland Development's 22+ acres planned for Needham Street. We believe further study is required before these projects are approved by the City Council, the Land Use Committee and the Planning Department.

On behalf of Ward 8, the Oak Hill Neighborhood Organization (OHNO!) raised the money from neighbors for an independent traffic engineer to review the afore-mentioned projects. Attached is the report prepared by Mr. Kim Hazarvartian of TEPP LLC. We request that you record this document into the City records and distribute the report to all 24 city councilors.

Yours sincerely,

Pamela Burton

OHNO!
